All breaks are held in the exhibit hall and conference attendees are encouraged to visit each booth. Demonstrate how your products can enhance an agency's services and operating efficiencies, generate new leads, and renew contacts.

Conference attendees have included State government officials, consumer advocates, public interest law firms, advocacy organizations, companies integral to the support of day-to-day operations of behavioral health and I/DD providers, LME/MCOs, Health Plans, and North Carolina Providers Council members from across the state.
